

Serious Hockey
Instruction
For Serious
Hockey Players

17th
Year!

Inc.

"I was extremely impressed with the instruction that my son received from the staff at Prime Time Hockey. I saw an instant improvement in his balance and agility over a short period of time. The techniques and skills taught by Stan and the rest of the instructors can easily benefit players of any level and give them that "extra edge" that they need to develop their game to it's highest level."

Randy Ladoucer: 16 years NHL Playing career, 11 years NHL coaching career.

- USA Hockey National Program participant
- Former student at PTH, 8 years
- 2nd year with PTH

Welcome To Prime Time Hockey

Now in our 17th year of operation, Prime Time Hockey is well established as one of North America's top hockey schools for individual skating and skill development. We provide full time year round services including full week camps, specialized weekly classes, private and small group instruction, team instruction and career counseling.

After 14 years of operating our training headquarters in Toronto Canada, we are now proud to call Raleigh, North Carolina our new full time home. PTH headquarters in Raleigh offers the finest off-ice training facility of any hockey development program in southeastern USA, featuring a shooting centre and skating treadmill. No other hockey program has the ability to cater to hockey families like PTH. All of our summer camps in Raleigh will be incorporating our fabulous off-ice facility.

As much as we can boast about our off-ice capabilities, PTH still maintains as its core that which allowed us to grow to our prominent position; our on ice skating program along with our team of teaching professionals is second to none.

If your hockey family has yet to participate in a PRIME TIME program, you are missing out on the most dynamic development program available.

2012 SOUTHEAST PREP SCHOOL SHOWCASE APRIL 18-22, RALEIGH, NC

Contact PTH to participate in this showcase event and present yourself to several north east prep school hockey coaches and student advisors

SKATING TREADMILL TRAINING

Located in **Prime Time Hockey's** off ice facility at Factory Ice House, Treadmill Training is an excellent source for strength and conditioning for teams or individual players of any age and skill level. Treadmill Training offers exceptional supplementary training opportunities to those looking to enhance speed, skating stride, and acceleration.
